

## ecobee Works with Industry Leading Manufacturers' Representative Firms

Toronto, Ontario, Canada - August 6th, 2010 – ecobee™, the award-winning green technology company, announced today that they have signed sales agreements with three leading HVAC manufacturers' representative firms to sell the industry leading ecobee Smart Thermostat and Energy Management System.

Miller Component Sales is a professional manufacturer's representative agency that represents ecobee in Michigan, Ohio, West Pennsylvania and West Virginia. Miller has been in business since 1970 and works with wholesalers, contractors, architects, engineers, homebuilders and OEMs. [www.millermcs.com](http://www.millermcs.com)

EP Sales was started in 1998 by Bob Eddy and Dave Ponschok. EP Sales works to aggressively promote products through their extensive network of wholesale distributors. EP represents ecobee in North Dakota, South Dakota and Minnesota. [www.epsalesinc.com](http://www.epsalesinc.com)

BRS Sales & Marketing Group prides themselves on being more than just a manufacturers' representative. They combine industry experience, professional field salespeople and quality in-house customer service to bring quality products to the marketplace. BRS represents ecobee in South Carolina, North Carolina and Virginia. [www.brssales.com](http://www.brssales.com)

"We are excited to add these three leading manufacturers' representative companies to the ecobee sales team," says Stuart Lombard, President & CEO, ecobee. "With this expanded coverage ecobee will continue to provide superior customer service to our preferred contractors and distributors."

### **About ecobee**

*ecobee, founded in 2007, delivers intelligent conservation solutions for real people. The company is building its product platform around The Leadership in Energy and Environmental Design (LEED) Green Building Rating System™. ecobee's products are sold for use in single family homes (new and retrofitted), multi-family dwellings and light commercial properties.
