

Room Sensors™

Comfort for the rooms that matter most.

Most thermostats only read the temperature from one place (usually the hallway) leaving other rooms uncomfortable.

ecobee smart thermostats can pair with up to 32 Room Sensors to help deliver comfort to the rooms that matter most.

Room Sensors 2-pack

SMARTER COMFORT

Detects temperature and occupancy to help manage hot or cold spots in the home.

SMARTER SAVINGS

Sends a signal to the thermostat when it senses nobody's home, automatically engaging the right mode for savings.

SMARTER CONTROL

Provides room-specific temperature and occupancy readings in the ecobee mobile app.

SMARTER FEATURES

Room Sensors enable three key features: Smart Home, Smart Away, and Follow Me.
